Dear Sir/Madam:

This letter acknowledges receipt of your timely application to renew your Federal explosives license/permit.

The Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) is not able to process your application prior to the expiration date of your license/permit. However, Federal law allows you to continue operations under your current license/permit until such time as ATF completes processing your application. See 5 U.S.C. § 558. This letter, or as explained below, a follow-up letter, will serve as your license/permit until we complete action on your renewal. It is referred to as a Letter of Authorization (LOA).

Since we have not completed processing your application, you may supply a copy of this letter to other licensees/permittees, e.g., your distributors, for the next six months (or until we complete action on your renewal, if that occurs in less than six months) as evidence of your licensed/permitted status. If we have not completed processing your application for renewal within six months of the date of this letter, we will send you another letter, which will also be valid for six months (or until we complete action on your renewal, if that occurs in less than six months). This is of course contingent upon your remaining entitled to continue operations under your current license/permit.

Please direct questions or concerns regarding this letter to Lydia Otalora @ 304-616-4407.

Sincerely,

Chief, Federal Explosives Licensing Center

Dear Steven P Zigmont:

Congratulations on your professional achievement as a Proximate Audience Operator through completion of the experience, education, and reciprocal requirements for a State Issued Operator's Permit. I trust that you will strive for both professional and safe pyrotechnic operations and continue to protect the safety of your assistants and the citizens of North Carolina.

The goal of this permit is professional and safe operation of pyrotechnics discharge sites in the state of North Carolina, as well as compliance with State and Federal laws relating to the pyrotechnics industry.

If we in the Office of State Fire Marshal can assist you, please let me know.
